

25th October 2022

Many thanks from TGSB!

I'd like to offer my heartfelt thanks to the entire Rap Therapy team on behalf of The Green School For Boys for the exceptional experience we have had with the Rap Therapy four week programme; I can't speak highly enough of the entire process and will be recommending you to colleagues!

We had 3 four week programmes running simultaneously, for students in Years 8, 9 and 10 and the team were very accommodating in working around our requirements. Communication was always really fast and expectations about what to expect were clear and concise. As someone who deals with many external providers, this was very welcome!

From day 1 of the programme, boys in each of the sessions went out of their way to tell me that they loved it (very unusual for teenage boys); two even emailed me to thank me for selecting them to take part. Their enthusiasm grew with each session, and they were very vocal about their disappointment that the programme ran for only 4 weeks. The boys were thrilled with their final products, and eager to share what they had been working on. This pride in their work, and their willingness to share their emotions and concerns was particularly pleasing to see; finding a positive voice was something that we had hoped the boys would achieve through the programme, and it delivered in spades.

I'd like to give particular recognition to our facilitator, Malcolm Sinclair who was, without a doubt, one of the best presenters we have had the pleasure to work with from any provider. He created strong, positive relationships with each workshop group from the outset, and went out of his way to tease out the strengths and interests of the individuals. His manner and interactions with the boys was fantastic, and they loved working with him.

We would love to work with Rap Therapy in the future, and will be booking in for next year as soon as we can!

Mrs Kari Sargent
Assistant Headteacher

Regards,

The Green School For Boys
